Dear Friend:

I sent you a curious letter from Mayhill of Pawtucket requesting to have her name taken from the Rec. of Sect & with a request that you would prepare some remarks to it. I now send you a paragraph from Ray Potter's Anti-Lectorian on the same subjects, what I suppose shows that there Atonement nonsense originated among his little set. Abner Sophia Little is one. I think something should be written on the subject of the N. R. Platform adverse to this letter & paragraph, & you are the person to do it, because your Unitarian brethren, (if you have any) what I know

nothing) are not as notorious as mine. Indeed I do imagine the whole of this holy horror has been excited by the names of R. T. Underhill, Wm. Davis Swezey. Lo pleura to do this.

Do not fail to have a N. R. Com. meeting to appoint the day of the Annual Meeting in time to have notice given in the next N. R. I think we had better have all the meetings in the ~~Hall~~ Chenango H. Chapel as at $25 is too much to give for an office in the Marlboro'; & we may not be likely to have a great audience. A Com. of Arrangements should be raised. I should think, Charles R. Whipple, Hines, Bennett & Cuming would be a good selection. A woman must be on it & as Mrs Lothrop served last year either you or Cuming must take your turn. But there is scarcely

anything to do - much to expose the Chabel - have some circulars printed - & a selection made from the N. R. subscription list to whom they are to be sent. Postscripts should be added to ~~some~~ ~~of them~~ persons whom we wish particularly to come or to write.

I have heard no A. S. Coffin for a week from that St. I hope however this raising Sunday will not have been without its particular effect on the friendship of our friends Smiths.

Love to all from the body upwards

Yours truly

L. L.
